Old Business:

a) Our summer projects are coming along slowly. We have always had the issue of money flow from DNR reimbursement. With big projects, and a small account balance, we couldn't really begin the bigger projects. The DNR is now allowing us to apply for reimbursement for all but \$1000. This new procedure will get money moving quicker so we can get projects going. The transition hill outside of LL is done, the bridge area by Calumet dam, Trail B up in the Keweenaw had lots of improvements completed. The culvert project at Union Creek on High Rock trail will begin today and the trail will be closed for a week. We used all of the 2024 budget and most of the 2025 budget.

b) The Nature Conservancy has okayed three jobs to be done on the property. We are hoping to get help with some projects costs.

New Business:

a) Trail maintenance packets are ready and trail maintenance should try to be done and paperwork turned in at the next meeting.

b) We would like to plan fall ride for October 18th, details to follow.
