Old Business:

- a) Aetna Mine Trail Project-The trail has been cleared by Hendrickson for the engineers to get in to the site to start their work. The work was paid for by us and TNC.
- b) Trail Maint- Most of the maintenance has been done and will be turned into the DNR for reimbursement.
- c) Upcoming projects- Trail B will be worked on just North of Lac la Belle Rd up to the trail intersection. Other smaller projects-there is a culvert that needs to be replaced behind Vansville, there is a washout by Seneca Lake that needs immediate attention, and a beaver dam in Trail B causing the trail to flood. We also want to get some grading/gravel on Trail B north of Calumet up to the Wye. On Trail BD, Ripley to Dollar Bay - B&B is working in the area and have extra gravel to use on the trail. The trail will need more work in the future but this will be a good start to get the trail repaired for minimal cost.
